

SAVE OROKLINI'S STRAY DOGS CYPRUS

OUR MISSION

To give a new chance of life to every stray dog in our local community.

OUR VISION

To bring forth a time where there are no more homeless dogs in Oroklini.

GUIDING PRINCIPLES

Kindness: To have compassion and respect for all canines, whether under our care or not.

Positive Influence: To contribute positively to the welfare of the homeless dogs within our locality; to contribute to welfare policy improvement for betterment of all dogs, and to ensure that any individual who engages with us has a positive experience.

Authenticity: To do what we say we do.

Transparency: To be open and honest in all of our relationships, ensuring complete transparency in our work.

THE COUNCIL DOG POUND

The council dog pound is located in the village of Oroklini, Larnaca, in Cyprus.

Albeit a rudimentary facility, every dog that enters our care will be in a safe haven of love, provided by dedicated volunteers. The dogs receive veterinary treatment, an appropriate diet and are well socialized within the pound environment. Our unwavering efforts are geared to ensuring that the dogs have the best care possible until we reach our ultimate goal for each of them: a loving, forever home.

Our rescue doggies depend on donations. Every euro counts for a small rescue organisation like S.O.S. – Save Oroklini's Stray Dogs.
